Before the West Virginia Board of Examiners of Psychologists

W. Va. Board of Examiners of Psychologists,

Complainant,

v. **Case No.: 2024-4**

Joseph R. Scotti, Ph.D.,

Respondent.

Supervisory Agreement

This Supervisory Agreement is entered into between the W.Va. Board of Examiners of Psychologists ("Board") and the Joseph R. Scotti, License No. 532 ("Respondent") in the above-referenced matter to outline the terms of supervision as required pursuant to the Consent Agreement and Order entered by these parties.

1. Respondent agrees to be supervised during the twelve (12) month period of his probation by Theodore Glance, MA, a Board-approved licensed psychologist.

2. During this period of probation, Respondent can continue to conduct psychological testing and assessment of school age children and adolescents, which includes testing and assessment of educational services eligibility, as long as he is under the supervision of the Board-approved licensed psychologist who shall review and cosign all such evaluative and diagnostic reports completed by Respondent. No other limits have been placed on Respondent's practice.

3. During the probationary period, the supervising psychologist shall meet with Dr. Scotti once every other month for a minimum of one hour to consult with Respondent concerning Respondent's testing and assessment work of school age children and adolescents.

4. The supervising psychologist shall submit reports every three months to the Board addressing Respondent's performance, including compliance with psychological testing protocol, applicable statutes and regulations.

5. By the 5th day of the 12th month of the probation period, the supervising psychologist shall submit a final report to the Board, which shall include an opinion whether Respondent has met the requirements of this Supervisory Agreement and a recommendation concerning Respondent's ability to return to independent practice. Said final report may also serve as the final quarterly report required under Paragraph 4 above.

7. The supervising psychologist understands that in the event he or she determines the Respondent is not in compliance with the terms of this Supervisory Agreement or the terms of his probation, the supervising psychologist shall notify the Board immediately of such noncompliance and the reporting of such information is considered confidential until such time the Board decides whether there is probable cause for a violation of the Board's governing statutes and rules.

8. The supervising psychologist understands that the information he or she provides to the Board is solely in connection with the Board's statutory duty as a professional licensing agency for the State of West Virginia and pursuant to the Consent Agreement and Order.

9. In the event the supervising psychologist is unable to continue his or her relationship as the supervising psychologist for Respondent, he or she agrees to notify the Board, in writing, immediately and the Board will work with the Respondent to approve a new supervising psychologist.

10. The supervising psychologist understands that if he or she fails to carry out his or her responsibilities pursuant to the Supervisory Agreement that he or she may be subject to disciplinary action by the Board.

11. Respondent bears all costs and expenses associated with the supervision.

13. It is understood by all parties that the period of supervision is effective upon entry of the Consent Agreement and Order and will remain in effect for a period of twelve (12) months. The period of this Supervisory Agreement corresponds to the period of the mandated supervision in the Consent Agreement and Order.

14. Respondent's failure to comply with the terms and conditions of this Supervisory Agreement shall be deemed a violation of the Consent Agreement and Order, and should Respondent violate any of the terms of this Consent Agreement and Order, the Board may suspend Respondent's license. In the event Respondent contests any such allegations of violation of the Supervisory Agreement which result in the suspension of Respondent's license. Respondent may request a hearing to seek reinstatement of his license. Any such proceeding shall be scheduled and conducted in accordance with the provision of West Virginia Code §30-1-8 and §30-21-11, and W. Va. Code R. §17-5 *et seq.*
